

## Technical Specifications

Parameter	Specification
Raw Material	Virgin Polyethylene Resin PE 25
Application	Drip Irrigation
Available Diameters	12 mm – 32 mm
Wall Thickness	As per IS 12786 clause 5.1
Pressure Rating	As per IS 12786 clause 7 Table 2
Density	0.93 – 0.95 g/cm <sup>3</sup>
Coil Length	200 m / 400 m
Colour	Black (UV Stabilized)

## Applications

- Field Crops
- Vegetables & Row Crops
- Orchards & Plantations
- Vineyards
- Greenhouse & Polyhouse
- Landscape Irrigation

## Why Choose Our LLDPE Laterals?

- ✓ Consistent Quality
- ✓ Tested for Pressure & Durability
- ✓ Designed for all farming Conditions
- ✓ Reliable After-Sales Support
